UPDATES

- While the state's overall test positivity rate remains in the "low" category, it has continued to average over 1% during the past week.
- The Governor has indicated that unless the metrics change significantly, the state's Phase 3 Re-Open continues to be on schedule for October 8, 2020.
- In concert with the Phase 3 reopening plans, we will be proceeding with continued opportunities to provide greater access to in-person Town services, in addition to our ongoing remote servicing. Further details will be provided once finalized next week.
