

TOWN OF MONROE

OFFICE OF THE FIRST SELECTMAN

COVID-19 Pandemic Update January 1, 2022

RAPID SELF-TEST KIT DISTRIBUTION

- Overnight we received 2,800 COVID-19 tests from the State, which is roughly half of the original allotment. In an effort to dispense these to the community immediately, distribution will take place TODAY, Saturday Jan 1st, from 1:00 PM – 4:00 PM or until supplies last, at Jockey Hollow Middle School, 365 Fan Hill Road.
- The primary objective remains to provide testing for those residents who are unable to find an alternative testing location AND have a known exposure or who are symptomatic. These kits contain one test each. We are able to provide TWO tests per household and vehicle, on a first come, first served basis.
- This will be a drive-through pickup and identification showing Monroe residency is required. Please do not arrive early, as vehicles will not be allowed to line up in advance.

As I'm sure you are aware, case rates are at an all-time high throughout the state. Monroe is averaging 18 new cases per day. Please remain vigilant. Masking indoors when in public is strongly encouraged. Getting fully vaccinated, and boosted, remains very effective in preventing serious illness and hospitalization.
